The 'Citizens for Clean Air' needs your support!!

The C4CA is a dedicated coalition of concerned Ontario residents and organizations who are rallying together to invoke an immediate moratorium on the proposed 975 megawatt gas-fired power plant that is designated to be built on a plot of land in Oakville literally steps away from homes, schools and businesses.

This is not just an Oakville problem!! Air quality throughout Halton and Mississauga will be negatively compromised! There are documented health and safety risks if this proposed plant is built. For additional information, please visit our website at www.c4ca.org.

It is not too late to stop this plant from being built!! But it takes funding to have our voices heard by the Government of Ontario, TransCanada Energy and the Ford Motor Company.

On MONDAY, AUGUST 30TH, we invite you to participate in our C4CA 'FIGHT THE POWER' Celebrity Golf Tournament at the RattleSnake Point Golf Club. All monies raised will go towards our continuing efforts to raise awareness with all Ontarians about the provincial government's flawed site selection criteria and lack of environmental assessment.

By supporting this event, you are demonstrating a commitment to protect your investment in your community, home, health and safety – all currently at risk.

Please sign up your foursome today! Details are attached.

Sincerely,

The 'FIGHT THE POWER' Golf Committee
